GENERAL INFORMATION AND GUIDANCE FOR CONTRACTOR

1. **SITE INVESTIGATIONS:-** The Tenderers are advised to visit the site to acquaint themselves as to the nature and location of the work in general and local conditions.
- 2.00 The information given below is only for the Tenderers guidance and shall not relieve him of the responsibility for having full detailed first hand site investigation of his own before tendering.
- 2.01 Rates: The tenderers are required to quote the rates in ***duplicate*** against all items of the Schedule of Quantities in words and figures clearly; failure in this respect is liable to render the tender incomplete.
- 2.02 The tenderer is required to deposit the Earnest Money at the prescribed rate in a separate envelope along with the tender document. **Tenders received without requisite Earnest Money Deposit as prescribed above, shall be summarily rejected.** No interest shall be allowed on the Earnest Money Deposit.

Requisite EMD shall be payable in the form of properly executed Demand Draft drawn in favour of "M/s URANIUM CORPORATION OF INDIA LIMITED" payable at State Bank of India, Pulivendula or in cash to our Account Section (8.30 AM to 9.30 & 2.30PM to 3.30PM). The Earnest Money will be refunded to the unsuccessful tenderers within a reasonable time without any interest. The Earnest Money deposited by the successful tenderer will be retained towards the security deposit.

- 2.03 The Officer inviting tenders shall have the right to reject all or any of the tenders, and will not be bound to accept the lowest.
- 2.04 The tender form must be filled in English. **All the rates must be filled both in words and figures.** If any of the documents is missing or unsigned, the tender will be considered invalid. All erasures and alterations made while filling the tender must be attested by dated initials of the tenderer. Over-writing of figures is not permitted. Failure to comply with any of these conditions will render it invalid. No advice of any change in rate or conditions after the opening of the tender will be entertained.
- 2.05 **VALIDITY OF TENDER**
The tenderer shall not be allowed to increase/withdraw his tender within **FOUR MONTHS** from the date of opening of tender and if he does so the earnest money deposit may be forfeited.

CONDITIONS OF TENDERING**3.00.00 PREPARATION OF TENDER****3.01.00 Tenderer to study**

3.01.01 Before submission of the tender, the Tenderers are requested to make themselves fully conversant with the Conditions of Tendering. General Conditions, Special Conditions, Site Conditions, and all other relevant information so that no ambiguity may arise in these respects subsequent to the submission of the tender.

3.02.00 Language

English shall be the ruling language. All tenders and correspondences shall be in English.

3.03.00 SUBMISSION OF TENDER

3.03.01 Tenders to be in **one part**.

3.03.02 Tenders (one original plus one Xerox copy) shall be submitted duly signed by the tenderer with the seal of the firm / agency.

(a) Xerox copy of PAN (both side)

(b) Any other documents as deemed necessary.

3.03.03 Personal delivery is recommended. Postal/courier delivery is not accepted.

3.03.04 The tenderer shall submit the tender which satisfy each and every condition laid down in the notice, failing which the tender will be liable to be rejected.

3.03.05 The Corporation reserves to themselves the right of accepting the whole or any part of the tender and tenderer shall be bound to perform the same at quoted rates.

3.03.06 Tender without requisite Earnest Money at the time of submission is liable to be rejected.

3.04.00 **SECRECY:-** The tenderer (Whether his tender is accepted or not) shall treat the details of the Tender specifications and other documents attached thereto, as private and confidential. The tenderer shall take necessary steps to ensure that all persons employed in any work in connection with his tender have noticed that the Indian Atomic Energy Act.1962 (X X X I I I of 1962) applied to them and shall continue so to apply even after award of the contract (Whether his tender is accepted or not).

SAFETY OF CONTACTORS' EMPLOYEES

1. The contractor shall at all times, take all reasonable precaution for the safety of employee, including those of sub – contractors in the performance of his contract and shall comply with all applicable provisions of both Central as well as the State Safety Laws. In addition to the safety provisions, the contracting officer shall include the safety requirements as recommended by the Health Physics Unit, Jaduguda for a specified contract. In the event that contractor fails to comply with these provisions, the contracting officer may, without prejudice to any other legal or contractual rights, issue an order for stopping all or any part of the work, thereafter a start order for resumption of work may be issued at the sole discretion of the Contracting Officer. The contractor shall make no reason of or in connection with such stoppage.
 2. Contractor shall have a full time Safety Officer / Engineer when the contractor employ 500 or more persons or when engaged specifically in hazardous work. In the case of contractors employing fewer than 500 persons, his safety representative shall be an employee in a high supervisory capacity and his safety duties may be in addition to his other technical/ administrative duties.
 3. Contractor shall have at least one person fully trained in First Aid to be present at the site of work all time.
 4. Contractor must report to the Safety Officer, UCIL – through their contracting officer every accident involving :-
 - **Their personnel**
 - **UCIL property or personnel.**
 - **Property or personnel of other contractors working at the site.**
- 4.01 Contractor must report to the Safety Officer, UCIL immediately on becoming aware of any accident of Type - A (see Appendix –1) giving the following information:-
- Name of the informant
 - Nature and location of incident being reported
 - Name of Supervisor / Engineer–In-charge, location and telephone no. where he can be reached.

- 4.02 Contractor shall submit their investigation reports, through their contracting officer, to the Safety officer (Mill) immediately but not later than 3 (three) working days after the occurrence of accident in the Form – A (see Appendix -
- 4.03 In the case of Type – B accidents (see Appendix – 1) , Contractors shall submit their investigating reports, through their contracting officer, to the Safety officer (Mill) immediately but not later than 3 (three) working days after the occurrence of accident in the Form – A .
- 4.04 Monthly summary of accidents and cases of fire shall be prepared by each contractor in Form – B (see Appendix – 3) and be sent to the Safety officer (Mill) by the 7th of the next month.
- 4.05 Prime contractor reports shall include the man days lost and occurrence of accident under the jurisdiction of the Sub-Contractors.
- 4.06 Contractors shall submit a narrative on safety activities and fire incidents for each month along with Form – B. The review should contain such items as personnel and programme change, major project started and major problem.

5.00 PERSONAL PROTECTIVE EQUIPMENT

All necessary personal protective equipment as considered necessary by the Engineer shall be kept available by contractor for the use of the persons employed on the site and maintained in a condition suitable for immediate use. Also the Contractor shall take adequate steps to ensure proper use of equipment by those concerned. The personal protective equipments are to be provided by the contractor at their own cost.

- (a) All persons employed at the construction site shall use safety helmets. For other types of works, persons working in that area shall also use safety helmets, if advised by Safety Engineer/Engineer.
- (b) Workers employed on mixing asphaltic materials, cement and lime mortars shall use protective goggles, protective feet wear and hand gloves. Use of proper respirators shall be an advantage.

- (c) Persons engaged in welding and gas cutting works shall use suitable welding face shields. The persons who assist the welders shall use suitable goggles. Protective goggles shall be worn while chipping and grinding.
- (d) Stone breakers shall use protective goggles. They shall be seated at sufficiently safe intervals of distance.
- (e) Persons engaged in or assisting in shot blasting operations and cleaning the blasting chamber shall use suitable gauntlets, overalls, dust-proof goggles, boots and protective hood supplied with fresh air at the minimum rate of 9m³/hr.
- (f) All persons working at heights more than 4.5m above ground or floor and exposed to risk of falling down shall use safety belts, unless otherwise protected by cages, guard railings, etc. In places where the use of safety belts is impractical, suitable net of adequate strength fastened to substantial supports shall be employed.
- (g) All powered two-wheeler motorcycle and scooter drivers and their pillion riders shall wear crash helmets inside the Project/Plant sites.
- (h) When workers are employed in sewers and inside manholes, which are in use, the Contractor shall ensure that the manholes are opened and are adequately ventilated at least for an hour. After it has been well ventilated, the atmosphere inside the space shall be checked for the presence of any toxic gas or oxygen deficiency and recorded in the register before the workers are allowed to get into the manholes. The manholes opened shall be cordoned off with suitable railing and provided with warning signals or caution boards to prevent accidents. There shall be proper illumination in the night.

6.00 SAFETY OFFICER/SAFETY CO-ORDINATOR

The Contractor shall have a Safety Officer or a supervisor to be designated as a Safety Coordinator in order to specifically look into the implementation of different safety requirements of the contract work. The person thus designated will in general co-ordinate with the Engineer on matters of safety and in particular ensure that the Safety Guide is complied with fully. His name shall be displayed on the Notice Board at a prominent place at the work site
